		Werona

## General Information

**Chilled £ n/a** (stud fee)

**Frozen £ 450** (per dose)

The elegant and impressive Don Frederico became Champion of the 1999 Hanoverian Stallion Licensing. This "eye-catcher" completed his stallion performance test as runner-up with the amazing score of 151.67 points in the dressage section. He has outstanding gaits, scoring a 9.0 for his walk, 9.33 for his trot and a 9.33 for his canter. He also scored a 9.5 for rideability and 9's for his disposition and willingness to perform.

Don Frederico possesses excellent mental qualities and rideability, and combined with his very good basic gaits impresses all dressage riders. He is a member of the Celle black horse dressage quadrille.

In 2005, Don Frederico was rated by the German Equestrian Federation as the second most valuable sport horse breeding stallion, based on his Breeding Value Index of 174 points, with an assurance of 89% heritability.

His sire is the dressage legend Donnerhall, who many believe has single handedly reshaped the dressage breeding world. Donnerhall has 58 licensed sons and 63 State Premium Mares, foal and mare show winners, Federal Championship winners, Stallion Performance test winners, top priced auction horses and he and his successful sons are regularly top of the FN breeding values. In 1986 Donnerhall was the DLG champion in Hanover. In 1994 after many wins in Grand Prix, Grand Prix special and freestyle classes at international level he became the German champion in Manheim, team World Champion and individual bronze medal winner in The Hauge. In 1997 he won the team gold medal and individual bronze at the European Dressage Championships in Verden. In 1998 he was once again included in the German team who won team gold in Rome where Donnerhall placed fourth in the individual. Donnerhall won the World Cup European League as well as being named the Oldenburg dressage stallion of the year in 1997 and 1998.

Don Frederico's offspring are extremely popular, and are demonstrating dressage excellence. For example in 2005 his progeny Dantonisius and Dark Carlotta were Champion and Reserve Champion Four Year Old Riding horses (mares and geldings) at the Bundeschampionat.
