		Raphael Gala
	<b>Fruhingstramll</b>	
	St Pr Frühlingssonne	St Pr Romana

## General Information

**Chilled £ 1250** (stud fee) **Frozen £ 500** ( per dose)

Fidertanz was the absolute star at the 14th NRW main approval in 2004. He left the scene with standing ovations as the undisputed Champion Stallion. Three exceptional gaits, foresight and skill at the fence, an easy going temperament and an exterior that leaves nothing to be desired left no doubt that he was the justified winner. The sire, Fidermark, was a performance test winner and Bundeschampion, Optimum and Grand Prix winner. The grandsire, Ravallo, also won his performance test with an index of 155 (dressage 157.52 – 1st place, jumping 127.7 – 5th place). Frühlingstraum II is deemed one of the pillars of Westphalian breeding and through Romadour II, Fidermark is inbred three times over the line founding stallion, Ramzes x. The dam, granddam and great granddam were all State Premium mares and competed in final rings. This dam line has produced numerous licensed sons and many of their off-spring are successful up to advanced level in sport.

**2005** Fidertanz finished his 30-day test in Neustadt/Dosse with the highest scores of all and became Vice Bundeschampion with a score of 9.5 from the outside rider.

**2006** Fidertanz won tests for young dressage horses and the main premium in Oldenburg. **2007** Fidertanz won a qualification for the Bundeschampionat with a score of 8.8. Fidertanz foals are extremely popular and bring top prices at all the auctions.
