NEW STALLION WITH A HIGH DRESSAGE INDEX OR 148 AT HIS PERFORMANCE TEST

At the 70 day test he received 9's for all three basic gaits and a 9.5 for rideability He has extremely elastic movement swinging through his entire body with a high degree of impulsion. A dressage stallion in a class of his own! Sire Fürst Heinrich was himself crowned World Champion as a five year old in 2003. With an above average breeding index of 160 points he is ranked as one of the leading dressage sires in the German Federation's breeding evaluation. The dam's sire

Romancier adds – as the half brother to Rubinstein – the precious Rosenkavalier into the equation. Fürst Romancier descends from one of the most successful Oldenburg mare lines: the Edoste. Numerous licensed stallions emerged from this line such as the National Champion and European championship participant Exupéry as well as reserve national champion Landjuwel Gold, the Olympic horse Petit Prince, Grand Prix winner Avignon in addition to numerous advanced dressage horses.

Fabulous modern type whom already demonstrates an ability to shorten and lengthen in all paces, would add power to blood type mares and refinement to heavier mares. With everything you would expect from a Florestan in terms of temperament.
