The absolute highlight of the Althengst stallion parade was Quaterback, the brilliant young stallion who before even going up for his 30 Day Test took the title of 2006 Bundeschampion 3 year old Stallion.

Many believed that a canter could not get any better than Florencio's, but now consider that Quaterback's is better. He is uphill, superbly engaged, elastic and stunning. When rider Christian Flamm collects Quaterback's trot he goes into the most natural passage.

The guest riders, Johanna von Fircks and Carola Koppelman, were so impressed with him that they both scored him the maximum of 10. He also received 10 for his canter, which is very impressive, with lots of jump and balance. He was the crowd favourite both for the qualifier and the final. This very young stallion has a huge future ahead of him which he has started in the best possible way.

Quaterback is by the beautiful stallion Quaterman, whose movement is ground covering with a massive amount of reach. His foals show all their father's good characteristics and are achieving good prices in Germany. Quaterman qualified for the Finals of the Bundeschampionat in 2003, 2004 and 2005.

Quaterman's grand dam is Poesie, who produced World Champions Poetin and Samba Hit I, II, and III. Poetin was Bundeschampion 2000, Reserve Bundeschampion 2001, World Champion 2003, Bundeschampion 2003 and sold for a world record amount of 2.5 million euros at PSI Auction 2003.
