Sir Donnerhall was Reserve World Champion of Young Dressage Horses at Verden in 2006, and Bundeschampion 2006.

He is one of the most important up and coming stallions. His charm and beautiful movement impressed at the 2003 Oldenburg Approvals, and he was distinguished with a 1c premium.

Sir Donnerhall was presented under saddle at the stallion show in Vechta, showing excellent 'rideability', grace and suppleness. He fulfilled all expectations at his 30 day test where he won in all three gaits with top scores between 9.0 and 10.0. He was awarded 9.5 for 'rideability'.

Following in his sire Sandro Hit's footsteps, Sir Donnerhall reveals his top quality at all of his appearances. He has a very good walk, a graceful trot which swings through his whole body, and a wonderful supple and magnificent uphill bouncy canter.

His sire Sandro Hit passed on to Sir Donnerhall all the charm and quality needed to produce an exceptional stallion.
